## Declaration of Local Emergency for The City of Logan

The mayor, as principal executive officer of the City of Logan, a political subdivision of the State of Utah, hereby proclaims a local emergency pursuant to U.C.A. §63K-4-301. By so doing, it is officially recognized that a disaster situation exists within the City of Logan. Furthermore, this declaration provides the legal basis for requesting and obtaining state or federal government disaster assistance. This declaration activates the response and recovery aspects of any and all applicable local disaster emergency plans and authorizes the furnishing of aid and assistance pursuant thereto.

1. The nature of this emergency is flooding and swift water from the Logan River.
2. The area threatened is the Logan River located in the Logan Municipal boundaries.
3. The conditions which caused the emergency are abnormally high river levels and flows.
